<TEXT>To Whom It May Concern,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my wireless phone for safety and security. I have MS and I have to call for help when I get in a situation that I need

someone. I have had to do this a number of times. Please don't make those of us on limited income pay anymore than we do. It's not my choice to be disabled and unable to work to increase my income. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely, Bonnie J. Hadden 1225 Hayes Street Eugene, OR
97402-3735

Sincerely,

Bonnie Hadden
